

## EDITORIALS

### Welcome News

At long last, the Okanagan Flood Control project has become an actuality.

As reported in the news columns of today's Courier, heavy equipment to be used on the construction of bridges which will span the new Okanagan River channel is starting to move into Penticton.

The project has been banded around for so many years that Okanagan residents were beginning to wonder whether the work would ever get underway. Five years have passed since the joint board of engineers tabled a report on the flood project, and since that time work has been held up for various reasons, the last one being U.S. recommendation that provision be made for fish ladders for the blueback salmon.

A Vancouver firm has been granted the contract for constructing three flood control bridges and also a bridge over Penticton Creek. This work must be completed by the end of August, 1953. The provincial public works department has approved the tender of another construction company for excavating the river channel between Okanagan and Skaha Lakes and is awaiting federal approval.

This all adds up to the fact that the flood control project is an actuality. It means that at long last the necessary steps to control the level of Okanagan Lake and the river will be undertaken. It means that at the most two years hence the threat of high water on the lake and the river will be removed.

It has been long coming, but it would appear that the end is now in sight.

### An Injustice Righted

Officials of B.C. Tree Fruits Ltd., the growers' selling agency for some 4,000 fruit producers in the Okanagan Valley, must have felt somewhat encouraged in their efforts to dispose of the 1952 apple and pear crop when they learned that the U.S. Department of Agriculture plans to withdraw the \$1.25 per box subsidy on all off-shore shipments.

This subsidy has worked a hardship on Tree Fruits ever since it was enforced three years ago. Quality of Okanagan produce is noted the world over, and for that reason, B.C. apples received a priority from Mr. and Mrs. Consumer in far off countries. However, when the U.S. department of agriculture subsidized American pear and apple growers to the extent of \$1.25 per box, it virtually wrote "finis" to the export markets where the subsidy applied.

Faced with bumper crops, Tree Fruits had to depend entirely upon North American markets to purchase the crop. The only other alternative would have been for the Canadian government to subsidize Okanagan fruit growers on the same basis. Representations along these lines, of course, fell upon deaf ears.

Once again, a huge apple crop is anticipated—estimated roughly at 7,000,000 boxes. According to field inspectors, the crop will run largely to "mediums"—the size most acceptable to the retail trade. This means that Tree Fruits will have to adopt every practical measure to sell the crop at a reasonable return to the grower.

With the U.S. government removing the American subsidy, it should strengthen the hand of Tree Fruits. In fact it's an injustice which should have been righted some time ago.

### The Proof Reader

Few readers (or writers for that matter) stop to consider the daily miracle of a newspaper wherein scores of thousands of words of news, comment and advertising are presented to the public all but free of typographical and other errors. Unfortunately it is true that one error is remembered whilst columns of perfect type are passed over. But the truth of the foregoing general statement cannot be gainsaid.

The patron saints of newspaper readers, the London Times suggests, might well be the correctors of proofs.

By actual count it has been shown that the number of "proof" corrections made in a daily issue of a newspaper—the London Times has made the actual count—runs into the thousands. These corrections mark the difference which the professional proof reader has made in the accuracy of printing. Thus, says the Times, the first folio of Shakespeare which pre-dates proof reading "contains about 20,000 misprints, which shows clearly the sort of thing that happened before the work of the reader was recognized as a necessary aid to efficient printing. It was many years before readers attained any definite status. Leading printers of past ages often enlisted the service of literary men for such work; Dr. Johnson and Goldsmith are both said to have acted on occasion as printers' readers. But the most outstanding figure among readers of the past was Cruden, compiler of the Concordance known in his earlier days as "Alexander the Corrector."

Indeed everyone who enjoys the printed page, in whatever format, is indebted to the proof reader.

### LAST RITES HELD FOR CRASH VICTIM

A plot in Kelowna cemetery is the last resting place of Indian Jim Cunningham, 23, victim of the bizarre car crash that went undetected for nearly a day and a half last week.

Funeral service was held Friday without mourners. His father was located at Langley, B.C., but he was unable to come here for the funeral.

Cost of the burial is expected to be borne by the Provincial Government.

Meanwhile, condition of Bill Wilson, 21, Ladner, B.C., continues to improve in Kelowna General Hos-

pital where he and Earl Doucet, third passenger in the wrecked auto, are under police guard.

Wilson's condition is still serious, complicated by exposure from lying 32 hours near the wrecked car before the accident was discovered.

### BOTH CAN TALK

Doucet managed to get into the city a short time after the accident but made no mention of it to police who found and took him to hospital for chest and head injuries, unexplained at the time.

Both men are able to talk now but neither has been deemed fit to give statement. Inquest into the death of Cunningham will be resumed when the pair in hospital are able to testify.

Car in which the three crashed through the Ellison bridge railing was reported stolen in Vernon.

Owner was George Falconer, Vernon teacher.

### MAN JAILED FOR SIX MONTHS

Six months' imprisonment was the sentence imposed in city police court by Police Magistrate A. D. Marshall on Gerald Davidson, 21, New Westminster. He was convicted of theft of \$100 from clothes in the men's dressing room during the Regatta.

The youth escaped detection for nearly a month, until one of the victims saw him and remembered he was the person seen in the dressing room at the time of the theft.

### McGavin's Men Still On Strike

Strike at McGavin's Bakery in Kelowna entered its 19th day today, with no indication the dispute will be settled within the near future.

Ross Donaldson, manager of McGavin's stated the union will have to make the next move, as it refused the company's offer of \$3 a week increase and night compensation. The offer was made following a sitting of a conciliation board.

The inside workers, all members of the Bakery and Confectionery Workers International Union of America (AFL), Local 355, seek a wage boost of \$20 a week. However Bob Kosolowski, president of the local union indicated the men would be willing to settle for \$10 to bring wages up to the Vancouver level.

Union demands include a 35-hour five-day week, with 35 cents an hour extra for shifts between 6:00 p.m. and 6:00 a.m. and certain fringe benefits.

Despite the prolonged tie-up, there is no shortage of bread in local stores. While city bakeries have increased production to meet the demand, bread is also being brought in from Vancouver and Kamloops.

### Let's Check Our Driving Manners

This is another of a series of short articles on the laws designed to protect drivers and pedestrians from property loss, injury and death. The articles are carried as a refresher to local drivers in the hope that they may take the means of preventing just one accident.

### DON'T DRINK AND DRIVE

This is a free country—drinking liquor is not forbidden—driving a car is not generally forbidden—BUT—DRIVING WHILE DRUNK IS FORBIDDEN! The face that lingered so long in the mirror behind the bar doesn't sit so well behind the wheel.

Your guess as to exactly when you have had too much to drive properly is worth just that—a guess!—And as reliable, DON'T GUESS—PLAY IT SAFE.

DON'T drive when on a spree and expect sympathy when the foggy glow turns blood red.

The Law has none for you. You can forget that bottle you polished off last night just before driving home, but could twenty years help you to forget if it were not only the bottle that was "killed"?

The Criminal Code of Canada prohibits driving while under the influence of alcohol or drugs.

Mix your drinks if you must, but don't add driving to the mixture!

### BEG Committee Member To Survey Rowing Sites In Okanagan, Kootenay

STRUGGLE to get the British Empire Games rowing events in the event Vancouver finds it impractical to hold them there has narrowed down to a three-way affair.

Kelowna still holds the lead—on paper. For the Orchard City's brief, presented at the September 8 BEG committee meeting in Vancouver was by far the most concrete. However the delay granted to Penticton and Nelson delegates has been in their favor.

Penticton has adopted a "we'll show you" attitude, hoping the staging of the Pacific Northwest sculling championships next Saturday will prove the clincher for Penticton.

Nelson claims Kootenay Lake is the most ideal site of all both for calm water, vantage points and nearness to Spokane. Nelson boasters offer to host the games at no expense whatsoever to the BEG committee.

A long step towards making a decision likely will be made after this week-end when another member of the BEG committee—Col. T. A. H. Taylor—will investigate the three sites. He will attend Kelowna's PNW races at Penticton and then come to Kelowna.

Both Nelson and Penticton have applied on the basis that the 1954 Games should be more of a provincial affair than just Vancouver's showing. They contend it is only fitting that some of the events be thrown on other cities where there are suitable facilities.

TAKE IT OR NOT

Kelowna's argument has been that Vancouver had bid for the Games

### Did They Walk Out?

AUTHORITIES INVESTIGATING the escape of four desperadoes from Don Jail in Toronto, doubt that they were able to crawl through the holes made by cutting through the bars of their cells. This composite photo of Boyd shows the space which they would have to squeeze through and it is considered impossible for men of their size. The prisoners, police believe, obtained keys and walked, unhindered, from their cells. Leonard and William Jackson, Steve Suchan and William Alonzo Boyd now have the highest prices offered for their capture in the history of Ontario—\$25,000.

Although there have been various reports that the four men have been seen in Western Canada, police believe the gangsters are still hiding in Toronto.

### Bridge Equipment Arrives For Start On Flood Control

HEAVY equipment to be used on the construction of three bridges which will span the new Okanagan River channel is moving into Penticton and primary excavation work is expected to start immediately.

At present C. W. Ledingham and Company of Vancouver, the firm which was awarded the contract for the three flood control bridges and also for the bridge to be built over Penticton Creek at Front Street, on a bid of \$150,413, is erecting an office in Penticton near the site of one of the three bridges.

### EXCAVATE CHANNEL

Contract has not been awarded for work on excavating the river channel between Okanagan and Skaha Lake but the lowest of eight tenders, \$966,625.20 submitted by the Dominion Construction Co., has been forwarded to Ottawa with the approval of the provincial public works department.

As soon as the contract is approved by the dominion government work can start on the river excavation.

Bridges will also be erected at Skaha Lake and at the foot of Eckhardt Avenue in Penticton. Al-

though no company officials were available for comment, it is expected that the Fairview road will be the first to be built. Site for the new bridge is about 330 feet west of the present structure.

Under the terms of the contract a 10-foot channel from each side of the centre of the bridge must be dug to a depth of 14 feet by the bridge contractor.

About 100 feet of road will be excavated and a loop road to permit passage of traffic will be built around the excavation.

### COMPLETE BY AUGUST

The four bridges must be completed by next August.

Excavating of the channel will permit flood control engineers work without coming into contact with the bridge structure.

### COUNCIL MEETING

City Council meets tonight in the Council Chambers at 8:00 o'clock.

## Growers Stand to Lose Large Proportion of Apple Crop Due To Shortage Of Harvest Help

### Visitor Paddles Canoe From Penticton

How long does it take to row a 16-foot canoe from Penticton to Kelowna?

An eastern visitor, W. V. Potter and his companion, Miss B. Potter, made it in 10 hours Sunday. They left the south end of the lake at 7:00 a.m. arriving in Kelowna at 8:30 p.m. Although resting here and there, the actual paddling time was 10 hours.

Mr. Potter has had experience on the Algonquin in eastern Canada, made the Lake Okanagan trip just to see the scenery.

The adventurers returned to Oliver by car.

### MANY ATTEND LAST RITES FOR PIONEER

Scores of people from all walks of life gathered at St. Michael and All Angels' Church this afternoon to pay their last respects to Mrs. Evelyn Emile Greene, whose death occurred Wednesday at the age of 89.

The widow of beloved Archdeacon Thomas Greene, first Anglican rector in the South-Central Okanagan was laid to rest beside the grave of her husband in Kelowna cemetery.

Assisting at the final rites as pall-bearers were friends of long-standing: Messrs. P. W. Barclay, R. E. Archibald, G. D. Cameron, O. St. P. Atkins, H. C. S. Collett and Robert Seath. Rev. Robert Brown officiated.

Kelowna Funeral Directors were entrusted with the arrangements.

### MRS. M. ARNOLD LAID TO REST

Last rites for Mrs. Martha Arnold, wife of George Arnold, 924 Langley Avenue, were held this afternoon from the chapel of Kelowna Funeral Directors. Her death occurred in hospital here last Friday at the age of 77.

Mr. C. Wilson of Kamloops conducted the funeral service. Burial was in Kelowna cemetery.

Born in Morganfield, Kentucky, June 5, 1875, she had resided in Kelowna for the past three years. Prior to that she spent 21 years at Sunnybrook, Alta., and 13 years at Allerton, Alta. coming to Kelowna 35 years ago from California. She had been in ill health for some time.

Besides her husband, she leaves one son, George Miller, New Mexico, and one daughter, Mrs. Leana Gwathmey, Mississipi. Eight grandchildren, including Mrs. J. E. Thibault of Kelowna and three great-grandchildren also survive.

### OREGON ATHLETES MAY COMPETE IN 1953 TRACK MEET

Next annual interior track and field championships, sponsored by Kelowna Athletic Round Table, may have several competitors from the University of Oregon.

At last week's monthly meeting of KART, it was disclosed that the Oregonians are definitely interested in sending a team here that could tie the meet in with a fishing holiday.

This year's effort, late in June, marred by rain as was its immediate predecessor, again lost money, though the deficit came to only \$10. Rain during the afternoon cleared up but cut attendance considerably.

The \$10 loss is offset by purchase of new equipment, which can be used in future meets.

### J. M. BARRE HEADS LOCAL TEACHERS

J. M. Barre was elected president of the Kelowna and district branch, Okanagan Valley Teachers' Association, at the annual meeting held last week. He succeeds Walter Ratzlaff.

First vice-president is Miss M. Leung; second vice, James Stewart; secretary, Miss D. Stewart; treasurer, Percy Bomford; J. E. Smith was appointed public relations officer.

Mr. Barre gave a detail report of the BCTF "workshop" held at Qualicum August 20-27, and new staff members were introduced by the various principals.

### Will Release Students From Classrooms

QUICK ripening of the Okanagan's famed McIntosh apple crop has brought on a crisis. There just aren't enough pickers.

Typical of the grim outlook for some growers in the Kelowna area was the case yesterday of one farmer who estimates his crop at 5,000 boxes and all he could secure for the job of picking were two men. Farmers in this area stand to lose a large proportion of their crop due to shortage of labor.

H. C. S. Collett, placement officer here for the Dominion-Provincial Farm Labor Service, summed up the situation thusly: "We need all the help we can get for the next two weeks. The situation is urgent!"

A special committee has been set up, chairmanned by Jim Snowsell, Glenmore fruit grower, to explore every means of obtaining necessary harvest help. Committee includes representatives of the Board of Trade, B.C. Fruit Growers' Association, and the School Board.

The 1952 apple crop is estimated in the neighborhood of 7,000,000 boxes. In the Kelowna area the crop will run around 2,065,873 boxes.

In trying to help cope with the crisis, city officials have declared an unofficial state of emergency. School board officials have co-operated by giving leave of absence to able-bodied students in senior high schools in the district.

Speaking for the City Council, Mayor J. J. Ladd called on citizens to help in any way they can to save the crop. Stores and offices and other businesses have been urged to release workers to pick apples.

All help is being funnelled through the office of Mr. Collett (1470 Water Street, phone 2805). Growers are besieging him for help.

### NOT ENOUGH FROM COAST

"We're extremely short-handed," Mr. Collett reiterated this morning. "We need more and more local workers."

Mr. Collett said the Dominion-Provincial Farm Labor Service offices at the Coast are sending as much help as possible but the numbers of workers arriving fall far short of the requirements. His office serves the area from Winfield-Okanagan Centre to the Great Ranch, south of Peachland.

Even before they were authorized, many students attended themselves from their classes. Classes are going on now but students, beginning today, have been given leave of absence.

If the situation fails to improve, more students may be released for picking.

NEED PACKERS TOO

Packers also are in demand. The National Employment Service of Kelowna is trying to find more.

### TWO FOR ONE SPECIAL

During recent months, hundreds of enquiries have been received by The Courier from people in various parts of Canada, United States and England requesting details of the city in general, population, business prospects, etc. Many have indicated they would like to settle in the city, and are desirous of purchasing property to build new homes.

During the month of September, The Courier is featuring a "property for sale" two for one classified special, as no doubt there are many people who would like to dispose of desirable building lots. This means that The Courier will publish two insertions of every "property for sale" classified advertisement for the price of one.

Many people enquiring about the city have invariably enclosed the price of a year's subscription to The Courier, or have requested several copies of the newspaper. Generally speaking, a prospective resident, first turns to the newspaper to ascertain details of a city. Courier classified advertising rates always have been the lowest in town.

### COMPETITION EASED

### U.S. Drops \$1.25 Subsidy On Off-Shore Shipments

UNITED States department of agriculture will not favor American apple and pear growers with a \$1.25 per box subsidy this season.

This was revealed by J. B. Lander, B.C. Tree Fruits sales manager. Mr. Lander stated this decision was made due to the fact the U.S. agricultural officials believe there are relatively favorable marketing conditions in prospect for the 1952 crop.

This was welcome news, insofar as the Okanagan growers are concerned. Since the American off-shore subsidy has been in effect, Canada has virtually been cut off from export markets, as the Okanagan is unable to compete with the low U.S. prices.

"This year's Okanagan Valley apple crop is estimated in excess of 7,000,000 boxes, and most of the crop will be in the medium size—a size acceptable to fresh fruit consumers."

Mr. Lander, speaking to the BC FGA Southern District Council last Wednesday, gave a comprehensive review of the market situation and the problems facing the sales agency this marketing season.

In detailing the removal of what slump, as was the case in Bartlett

Dealing with apple crop prospects, Mr. Lander declared that the prospects of marketing at a reasonable price are fine on paper, but he warned that the U.S. might try to hold up prices too high and cause a

### SCOTLAND YARD SEEKS HELP OF SICAMOUS MAN

R. C. Seed of Sicamous may be able to supply part of an answer to a mystery that has baffled Scotland Yard for 13 years.  
The mystery concerns the whereabouts of Mrs. Louise Lee, 77, a wealthy widow who vanished from her home in London in 1939.  
It is understood in London that the police's renewed interest in the case stems from a possible court action seeking to have her presumed dead.  
Prior to her disappearance, Mrs. Lee is understood to have told friends that she was going abroad.

but nothing has been heard of her since she vanished.  
Seed, an estate agent who handled some of her business before emigrating to British Columbia, was believed by Scotland Yard authorities to have had some information that would enable them to unravel the 13-year-old mystery.  
Mr. Seed said that the last time he had seen the missing woman was before the war, maybe 15 years ago.  
At that time, he said, she had been negotiating with him to buy a boarding house in France. That was the last Mr. Seed had heard of or seen of the wealthy widow.  
**SCHOOL COSTS UP**  
VANCOUVER—Officials of the Vancouver school board estimate \$18,000,000 will be needed during the next five years for construction to reduce the overcrowding in Vancouver classrooms.

### Cabinet Grants Gas-Ice Corp. Development Permit

Gas-Ice Corporation, of Nelson, has received the go-ahead signal from the provincial cabinet, and according to the president, C. F. Gorse, the company has now a firm underwriting and development work will get underway in the near future.  
The provincial cabinet granted a one-year permit to the company which hopes to develop two tons of gas-ice from carbon dioxide gas deposits in the Mara Lake district. It was the first such permit granted in B.C.  
Several months ago efforts were made to raise local capital to finance the new company, and several people in this community purchased shares, according to Mr. Gorse.  
Carbon dioxide, in its natural form, is found in underground "springs." These springs can be tapped by light equipment and the gas is pumped off. Three stages of compression and one cycle of refrigeration force the gas into a liquid with a temperature of 40 degrees below zero. This liquid is extracted into a snow, then pressed into a solid with a temperature of -100.  
Gas-ice finds many uses in industry and in domestic life. It may become important to B.C.'s fishing and fruit industry because it provides controlled cold combined with minimum space and no residue of water.  
A fish boat may need 18 tons of water-ice and salt to stay at sea two or three days; two tons of gas-ice would provide the same refrigeration and allow the boat to stay out 18 days and bring back twice the pay-load.  
Dry ice also is used in handling meat, fruit, vegetables and other perishables. A small chunk of gas-ice will refrigerate a two-week supply of food for a hunter, and still provide enough refrigerant for him to bring home the bacon. Gas-ice also is used in domestic refrigerators and deep-freeze units, fire extinguishers and "pop" carbonators.  
Synthetic production of dry-ice in B.C. is far below market demands. Edmonton is the nearest production centre with an exportable surplus.

### Nature's Scrapbook

**NATURE'S WATERWORKS**  
The root system of a tree extracts an enormous quantity of water from the soil, making the tree a very active waterworks. On a single summer's day a middle-sized apple tree will lift 800 lb. of water out of the ground spraying all but a small part of that water into the air. A vegetation, of course, acts as waterworks. A stalk of corn can lift up 440 lb. of water in its growing season, and an acre of lush grass will lift up more than six tons of water on a June day.  
**WILDLIFE AND GRASSLANDS**  
Wild animal life has its value to grassland areas. Coyotes and hawks help to keep down the numbers of burrowing animals. Burrowing animals to some extent help to mix, loosen, drain, and fertilize the soil. Birds help to protect grasses against insects.  
**FOREST FIRE FACTS**  
The heat of the lightning bolt turns the moisture in the wood cells to steam, exploding the wood. Lightning sometimes completely girdles the tree.  
**CAMOUFLAGE**  
Perhaps you have noticed that the eggs of birds who cover their nests during a temporary absence or are naturally concealed and hidden from view by darkness or vegetation, are usually white, while species that nest more or less in the open generally lay colored or mottled eggs, which, it is believed, are not so likely to be seen from above by prying eyes.  
**GREEN TIMBERS**  
The green timbers of Canada produce a billion dollars a year for pay envelopes. They represent Canada's biggest paymaster. Keep them free from fire for there's never a pay-day in a flame-swept timberland.  
**SPARROW HISTORY**  
The domestic sparrow, distributed in North America from the Atlantic to the Pacific and from Alaska to the Rio Grande and beyond was first brought to Canada from the Old World, its native home, in the year 1864, when numbers were released at Quebec City for their supposed economic value in the control of noxious insects.

### JUBILEE STALLS BENEFIT VERNON HOCKEY CLUB

VERNON—Vernon Hockey Club made \$1,350.00 profit on the various games and stalls that they ran during the Jubilee week in Vernon.  
This sum will go a long way toward meeting their obligations for the coming season. It is hoped that the club will have more meetings and entertainment during the winter, and would like all fans to do their best to keep the hockey club solvent.  
The Italians originated the custom of wearing masks at a fancy dress ball.

**TWO PENTICTON GIRLS SPEND NIGHT IN HILLS**  
PENTICTON—A chilly night in the mountains was spent by Reta Jeffery and Evelyn Tillotson, two 14-year-old Penticton girls, when they attempted to travel to Vancouver by the Fraser River. The girls left their homes Tuesday evening, ostensibly to attend the show, and when they did not return home later that evening the police were contacted.  
The girls secured a ride as far as Naramata, and then attempted to walk to Kelowna. The going was tough, and they did not make much progress. The way was through hilly country, over huge rocks, through underbrush and down steep ravines.  
As night approached, the girls curled up together under some sheltering pine trees. Night sounds of strange animal rustlings and catcalls disturbed them, and they slept until morning.  
Morning found them stiff, cold and hungry, but undaunted they still clung to their original aim of reaching Vancouver.  
Walking down an old, rocky stream bed Evelyn slipped and skinned her knee on the rough rocks. Going was slower then, as she found it difficult to walk.  
Reta stepped in a gopher hole and twisted her ankle, that was the last straw, and the girls decided to return home.  
It was then that Major Vic Wilson of Paradise Ranch spied the two girls and informed them that the police were looking for them, through the trees the girls saw members of the RCMP approaching and they limped to meet them.  
With seemingly no ill effects from their escapade, the girls are safe at home and their parents proud, with the thought of going to Vancouver safe from their minds.

**RECRUITING:**  
Squadron Orderly Room is open every Tuesday and Wednesday evenings from 1930 to 2100 hrs. for recruiting for the Reserve Force.

### PAY-AS-GO PLAN URGED AT PENTICTON

PENTICTON—Suggestion that Penticton's borrowing be "pay-as-go" rather than "prudent" was made by Alderman E. A. Titchmarsh, city finance chairman, at the council meeting when examination of tenders for the purchase of the \$260,000 sewer by-law debentures at five and a quarter percent interest disclosed no firm bids.  
Only two offers for the bonds were received and both were in the nature of options.  
Best offer came from a Vancouver brokerage house—that of McMahon and Burns—in a telegram which stated that the company was prepared to take an option for two weeks on the debentures at 100 plus accrued interest.  
Other offer came from Bell Gouluck of Toronto. The company stated that it was possible that buyers could be found within 30 days at 97.25 plus accrued interest.  
**NO FIRM BIDS**  
Because no firm bids were forthcoming council was unwilling to come to any decision regarding the borrowing of money for the sewer project and the matter was placed in the hands of the finance committee.  
Commenting on the poor response, Alderman Titchmarsh declared, "There is something wrong with the security behind our debentures."  
New Westminster bonds could be purchased at 101 at four and a half percent, he told council.  
"It is possible that Penticton's borrowing has gone further than prudence allows," he said.  
"There is a scheme we might consider if it is legal," the Alderman Titchmarsh suggested. "The voters showed themselves willing to underwrite the payment of money each year for the purpose of installing a sewer system," he declared, referring to the recent money by-law vote.  
"The scheme I have in mind entails a way as you go plan to build the sewer with city labor and without the payment of interest."  
"How long would we have to wait?" asked Alderman W. D. Haddleton.  
"That is the nigger in the wood pile," the finance chairman admitted.  
The suggestion was referred to the finance committee for consideration.

### VERNON MAYOR WORRIED OVER DEFENCE PLANS

VERNON—The tempo of Vernon's rapidly developing civil defence organization is to be stepped up considerably during the fall and winter months ahead, Mayor A. C. Wilde indicated this week. But, he said, some way had to be found to overcome public apathy.  
The Mayor announced the withdrawal of co-ordinator Col. Frank Barber's resignation (Col. Barber will be in England until spring) and the appointment of Red Cross and Rotary president Frank Ryall as deputy co-ordinator. Under Mr. Ryall's administration, intensive training will take place.  
Additional new appointment made by the Mayor was that of Frank Baldock as officer in charge of transportation in the civil defence organization.  
A "fire hut" to be set up, and as soon as it is equipped, the "general public" will be instructed in the use of stirrup pumps and other fire fighting devices.  
Ultimately, instruction will also be given in defence against poison gases.  
**HERE TO STAY**  
"A lot of people have a certain amount of apathy in regard to civil defence," Mayor Wilde said, "but I feel certain in reading up various circulars from the government that civil defence is here to stay."  
"It is not going out—not for a long time."  
"The information we get is very easily carried. There is no expensive equipment for individuals to purchase, and if you have the knowledge, that knowledge will be practically your self protection and preservation."  
"If you haven't got that knowledge, it's just too bad for you."  
The information was here, the Mayor continued, but the public didn't see the want to get it.  
Thus some means had to be found to impress upon the public that it "is up to them."  
"But—if they don't come forward we can't make them."  
Appointment of a civil defence medical officer would follow shortly. Cost of the fire hut construction would be borne by both city and federal government on a fifty-fifty basis.

**BUILDING BOOM**  
WAKAW, B.C.—The biggest construction boom in Wakaw's industry is under way, this summer. Well over \$200,000 worth of buildings now are being constructed.

### CALL PARLEY TO DEVELOP TOURIST INDUSTRY FURTHER

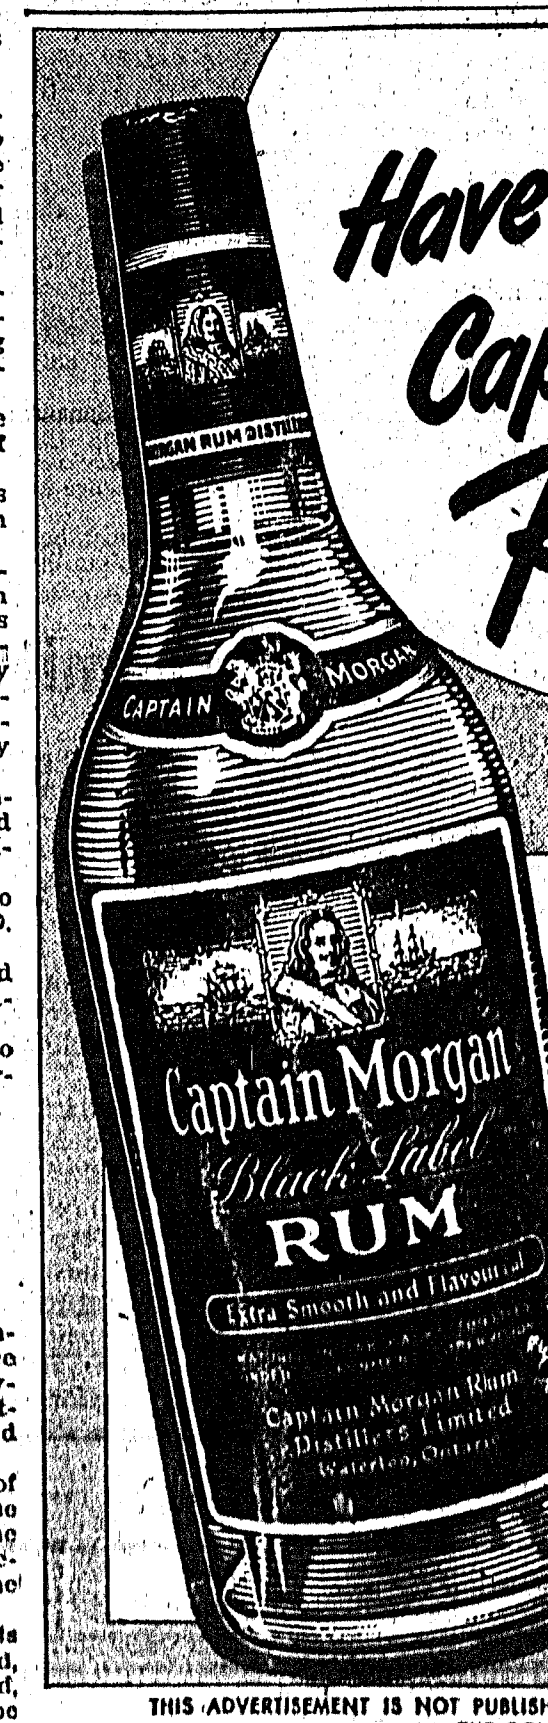

KAMLOOPS—At a meeting of the Board of Trade tourist committee it was decided to hold a conference and banquet October 15 with tourist camp operators, merchants, members of the Board of Trade and all others interested in tourist development invited to attend.  
There will be a conference in the afternoon with the operators and it is hoped that it will enable the Board of Trade to formulate plans for betterment of the rapidly growing tourist industry.  
In the evening there will be a banquet in the Masonic Hall where Premier W. A. C. Bennett may be the guest speaker along with some other members of the tourist division of the Department of Trade and Industry.  
During the course of the evening there will be films shown on hunting and vacationing in the Interior.

**SOUTH KELOWNA**  
SOUTH KELOWNA—Claude and Nigel Taylor spent a few days last week fishing in the Merritt area.  
Mr. Jan Van Weylen, of Vancouver, was a visitor at the home of Mr. and Mrs. Frits Verkerk last week-end.  
School re-opened with five new pupils and a new teacher, Mrs. Peter Stirling.  
Mr. and Mrs. D. Coombs of Westmount, Quebec, spent two weeks visiting Mrs. Coombs' uncle, Mr. George Ward. The couple left on Friday for Los Angeles.  
Mr. and Mrs. Claude Taylor returned on Tuesday from a week-end trip to their daughter and son-in-law, Mr. and Mrs. E. E. Duyve-waardt, of Vancouver.

**FALSE ALARM**  
HALIFAX—Mr. and Mrs. Steve Sabodas captured a six-foot "shark" with a grappling hook after a 15-minute struggle in the Northwest Arm, and swimmers thanked them for removing the menace. But fishery experts later found it was an over-sized dogfish, relatively harmless.

**TRUSTEES MEET WEEKLY**

## Latest Creations For Milady Displayed At Fashion Show Held At Aquatic Club

AUTUMN 1952 ushers in big news in the world of fashions! New fabrics, new colors and fabulous new creations will make the headlines as previewed Wednesday, in fashions by Heather's, sponsored by the Aquatic Ladies Auxiliary at the Aquatic Club.

Auxiliary president, Mrs. Eileen Ashley introduced Harold Long of the Aquatic Directors and Lady-of-the-Lake Kathy Archibald who opened the show.

To the musical accompaniment of Bob Hayman, eight lovely models whirled and pivoted against a beflowered trellis background and baskets of brightly hued zinnias; displayed the newest creations from a runway of soft gray rug.

Making their debuts this season in the fabrics are shaggy, hairy woollens, some with that furry look, the iridescent taffetas, tweeds, and the crystal flecked materials. Just as new as the latest trends in coats, suits and dresses and in the perennial favorites, the separates. Trends toward a straighter line in soft mode, extending from the morning wear through to the gala cocktail and evening clothes. Notably new is the gush or back fullness from a straight front... more bodice interest in contrast to the straighter skirt... subtle development of the sleeves. High-rising necklines and low-torso effects divide the waistline honors above gathered, pleated or flared skirts and under-bust seaming and wide belting spell new figure flattery. High and low waistlines are newest when unbelted.

### SOFTER WOOLLENS

Other big news is the softened silhouette, induced by softer woollens, crepes and jerseys.

Suits wear the simple air while coats choose the tulip, fitted or wrap style. The tulip spreads to flares or pleats toward the bottom and the fitted coat usually boasts giant patch pockets on the hip.

Millinery turns to brims curved or peaked for becoming outline and '52's colors are vibrant!

Fall fashion gives the femme an array of never-before colors from which to select her wardrobe. Bidding fashions favor the rosy tones and smoky greys, the rich, vibrant holly red, soft champagne beige and subdued lavender, the prominent mustard and the serene silver blue shades. Also new on the list are the charcoal black and grey and unusual color mixtures, all at Heather's.

### HIGH SCHOOL SET

Popular members of the 'high school set' choose the separates, perhaps the 'kilt' topped by a soft green cardigan as modelled by Princess Ann Paterson, or a Lansea combined with a mustard colored skirt featuring the unpressed pleat, shown by Angie Zibitoff.

Lady-of-the-Lake Kathy Archibald stepped out in a plaid ensemble featuring the all-round pleated skirt and cape stole worn casually over a pert green blouse. An ensemble that any sub-deb would love to have in her wardrobe. Equally as desirable is the skirt and sweater set of oatmeal beige and roiling rust, modelled by Angie.

Suited to taste was the red middie two-piece with the lowered waistline and cuffed bodice bottom worn by Mrs. Mervin Purvis with spanking white accessories to match the white collar.

Modelled the new tweeds were Mrs. Fred Gibson who displayed a Scotch tweed, Mrs. Guy DeHart, in a tailored British tweed so ideal for town and country, accented by

sleeve of the same grey shade.

Mrs. Fred Gibson modelled a parade of smart outfits such as a champagne beige dress cut on simple lines with the V-neck and the belt was braided. Another outfit was of putty grey duveltyne suede with mauve undertones. A subtly tucked bodice in back and a jewelled neckline in front followed down to huge pockets in the skirt. A Paris original was the lavender color coat with bell sleeves, giant pockets and collar worn by Mrs. Gibson over a cashmere plum color two-piece dress featuring the unpressed pleats.

Charcoal black was modelled by Ann Paterson, fashioned in a full back coat with carefully tailored sleeves.

The stag lines will all but disappear this Fall once they've seen the breath-takingly beautiful new forms from Heather's.

Angie Zibitoff waited out in a holly red creation of red velvet bodice and bouffant net skirt dotted with sequins, while vivacious Kathy floated down the runway in a deep blue gown with a strapless bodice of designed blue velvet on a crinoline net skirt, and she carried a matching net stole.

A strapless velvet bodice with a touch of lace at the shoulder line to match the net skirt and stole was fashioned from a Christmas green to be modelled by Ann Paterson.

Commentary was by Vivian Dooley.

Fashions by Heather's was convened by Mrs. R. S. Willis, assisted by Mrs. R. P. Walrod, Mrs. Marg O'Donnell was convener of the tea.

## FORMER PRAIRIE COUPLE OBSERVE GOLDEN WEDDING

Married 50 years ago at St. John's Cove, Hampshire, England, Mr. and Mrs. E. E. Ward, 477 Wardlaw Avenue, celebrated their golden wedding anniversary September 11. In 1913, Mr. and Mrs. Ward moved from England to Tompkins, Sask., where they homesteaded for 14 years, after which they moved to Porcupine Plains where they lived until 1950 when they came to Kelowna.

They have three daughters, Mrs. E. Casner and Mrs. John Michalkow of Porcupine Plains and Mrs. Fred Armenau of Kelowna, 11 grandchildren and five great grandchildren.

Sixty friends signed the guest book at the celebration Thursday when the celebrants were the recipients of many greeting cards, telegrams and bouquets of flowers as well as many gifts. They were also presented with a two-tiered anniversary cake from Mr. and Mrs. D. Sutherland.

Doing the honors at the tea table was Mrs. Elizabeth Cox while servers were Mrs. Vivian Bayne, Mrs. Tina Armenau, Miss Vivian Haller, Miss Olive Stordahl and Miss Phyllis Stordahl.

Out-of-town guests at the celebration were Mr. and Mrs. Wilfred Collington of Vernon, Mrs. Lloyd Jackson of Tisdale, Sask., and Mrs. E. L. Casner and daughter Gwendolyn of Porcupine Plains.

## Hither and Yon

**TRAINING COMPLETED**... On completion of her three years course of nurses' training at Royal Jubilee Hospital, Victoria, Miss Dorothy Gray is holidaying at the home of Mr. and Mrs. Bert Marshall. Miss Gray plans to nurse at Kelowna General Hospital.

**BACK TO ENGLAND**... Miss Eileen Graham, who has been holidaying with her parents, Mr. and Mrs. E. T. Graham, of East Kelowna, leaves Sunday for Montreal where she will sail on the Empress of France for London, England, to take up her fourth and final year of her scholarship at the Royal Academy of Music.

**SASKATCHEWAN VISITORS**... holidaying for a few days last week with their brother and sister-in-law, Mr. and Mrs. Carl Wolfe, 2207 Richter Street, and sister, Mrs. C. Schmidt, 821 Stockwell Avenue, were Mrs. Elizabeth Wolf of North Battleford and Mrs. George Bellhart and Mr. Bellhart of Rosthern, Sask. Mr. Bellhart is the mayor of Rosthern. Before returning home, the visitors will holiday briefly in Vancouver and Seattle.

**FOLLOWING**... the recital of Miss Eileen Graham Friday evening, Dr. and Mrs. W. F. Anderson entertained for the talented young pianist at their Abbott Street home.

**TO UBC**... Miss Patricia Renfrew left yesterday for Vancouver where she will enter her second year university at UBC. Miss Renfrew took her senior matriculation at Kelowna High school.

**HOME FROM GERMANY**... Mr. Jim Horn arrived home Thursday night from Germany where he served for four months with the 27th Infantry Brigade of the Canadian Army. He leaves again this week to attend UBC.

**IN MEDICINE HAT**... Mr. and Mrs. James Hanson, Speer Street, are visiting Mr. Hanson's mother in Medicine Hat, Alta.

**REGISTERED NURSE**... Miss Dolores Polasek, R.N., of Vancouver is home visiting her parents, Mr. and Mrs. J. Polasek, Ethel Street.

**ATTENDING WEDDING**... Here for the week-end, attending the Weddell-Thompson marriage which took place Saturday, were Mr. and Mrs. Don Booth, Penticton; Mr. and Mrs. D. V. Fisher and Mrs. Guy Fisher of Summerland, B.C.; Mr. and Mrs. J. Polasek, Vancouver; and Mrs. N. Powrie and Miss Maggie Powrie of Portland, Ore.

**NEW RESIDENTS**... Mr. and Mrs. Paul Smith and family of Fraser Lake, B.C., have taken up residence at 1099 Stockwell Avenue.

## BIRTHS

**BORN AT KELLOWNA GENERAL HOSPITAL**

**PEARSON:** To Mr. and Mrs. Leonard Pearson, of Okanagan Mission, September 9, a son.

**KAYTOR:** To Mr. and Mrs. Joseph Kaytor of Lac La Hache, September 11, a son.

**STREGER:** To Mr. and Mrs. George Stregger of Copper Mountain, September 12, a daughter.

**GIRL GUIDE ASSOCIATION**

The regular monthly meeting of the Kelowna Girl Guide Association will be held at the home of Mrs. Dorothy James, 380 Royal Avenue tonight, at 8:00 p.m.

## FORMER LOCAL COUPLE RETURN FROM LONG TRIP

Mr. and Mrs. Jack Schell have just returned from an extensive trip to Eastern Canada and various parts of the United States.

Leaving Kelowna last June, they motored to Montreal and other Eastern Canada points, later visiting New York, Philadelphia, Boston, etc., before continuing down the east coast to Florida. They visited Mexico and started the homeward trek via Texas, Arizona, spending three weeks in California and returning back to Vancouver over the Labor Day holiday.

Mr. and Mrs. Schell spent several days in Kelowna last week. They returned to the coast on Saturday where they will live during the winter months. They have taken up residence at 2187 West Fourth. Their future plans are somewhat unsettled.

Mr. Schell was former proprietor of Schell's Grill, before disposing of his interests earlier in the year.

### WALROD AT KAMLOOPS

KAMLOOPS—Rotarian R. P. (Tiny) Walrod of Kelowna entertained the Kamloops Rotary Club with a talk concerning his recent visits to Mexico where an International Rotary Convention was held early this year.

### TEACHERS GATHER

WOLFVILLE, N.S.—Representatives of many affiliated associations are attending the 15th annual convention of the Nova Scotia Federation of Home and School Associations at Acadia University July 8-11. A special program shows activities of the "workshop sessions."

### STILL NEED TEACHERS

KAMLOOPS—Three teachers and possibly four are still required by Kamloops School District 24.

## THE ELECTROLUX OFFICE

will be closed from Sept. 20th to Oct. 2nd 13-2c

## NHL Refereeing System Likely To Be Adopted In Valley Loop

THE National Hockey League system of a referee with two linesmen is being given strong consideration for the 1952-53 Okanagan Senior Amateur Hockey League season.

At a special league executive meeting at Vernon yesterday that ratified the schedule, Claude Smaile of Vernon was re-appointed referee-in-chief. It is understood Smaile and many of the executive are in favor of the trying out of the NHL system.

In former years the league used one referee and one linesman but during the past two seasons the policy has been to have two referees, both with as much ranking but the two deciding before game time who would have the final say in case of dispute.

If the plan goes through then Bill Nelson of Vernon will be one of the referees. The second still is undecided. Linesmen who will get less money than the arbiters, will be selected in each of the four cities. The experience the linesmen gain will be useful if they wish to become referees.

**SCHEDULE CHANGES**  
 Only two changes were made yesterday to the schedule as drafted, a short time ago. One of them affects a Penticton home game, the other a Kelowna home game.

The fully approved schedule, which can only be changed now in cases of emergency and with the full consent of the league executive, will be published in Thursday's Courier issue.

Times of home games also were approved yesterday. Kelowna's games will be at 8:00 p.m. during the week and at 9:00 p.m. Saturdays. This is the same as last year.

Vernon's games will begin at 8:30 week nights and at 9:00 on Saturdays.

At Kamloops all games will begin at 8:30 p.m. At Penticton all games start at 8:00 p.m.

**FINAL IN OKANAGAN**  
 Other decisions at the meeting were to write a letter to the Canadian Amateur Hockey Association giving it a pat on the back for coming out early with definite playoff arrangements, and to confirm an earlier resolution that in the event a Coast team enters the Savage Cup hunt, it will have to play the Kootenay winners in the B.C. semi-final.

League moguls have taken the stand that this is the OSAHA's year to get a bye (if necessary) into the Savage Cup final and that the final for the cup be staged in Okanagan terrain.

**WESTBANK GAINS SECOND**  
 In a recent eight-team baseball tournament at Grindrod, Westbank lost out in the final, 7-4 to Celista. Celista gained first money of \$83 and Westbank took second money of \$55.

## Home Umps Protested By Chiefs

Kelowna 1, Penticton 8

Kelowna Chiefs' bid for their second Okanagan junior baseball title in a row ran into grief at Penticton yesterday when they were dumped 8-1 by the Canucks in the opening game of the best-of-three final. However the game was played under protest.

Chiefs' coach, Lorne Gauley, lodged a protest even before the game began because the Penticton team would not allow the umpire the Chiefs brought along to take the bases. The game was played with two Penticton umpires.

Canucks counted only seven hits off Lloyd Duggan but they were able to bunch most of them and, together with some free passes and the odd bobbie, ran away with the game.

**WILLIAMS HOMERS**  
 Larry Jordan limited the visiting Chiefs to only five hits but the final one was the boomer of the day. Big Bill Williams connected with one of Jordan's fast balls in the ninth inning to life the horsehide right out of the park for the game's only four-master and the Chiefs' only run.

Irrespective of how the protest is dealt with, the championship could be decided here this coming Sunday. A double-header is planned, if necessary to wind up the series. The first meeting is set for 1:30 p.m. at Athletic Oval.

If Kelowna's protest is upheld it will mark the beginning of a new series. If the first game stands, then Chiefs will have to win the next to stay in the race. If a third game is needed it will follow right after the second.

**KELOWNA** 000 000 000—1 5 4  
**PENTICTON** 000 202 04x—8 7 3  
 Duggan and Culos; Jordan and Garnett.

## ATHLETICS GAIN O-M BASEBALL LEAGUE TITLE

Taming the Oliver Elks on two hits, young southpaw Ted Bowsfield pitched Penticton Athletics to the Okanagan-Mainline Baseball League championship yesterday, by virtue of a 6-4 victory in the third and deciding game of the final, at Penticton.

Thus the Athletics, who reached the final last year only to be upset by the Vernon Canadians, gained possession of the CKOK trophy for the first time.

The Athletics had to scramble for their laurels, winning the last two games after Oliver chalked up a 7-3 triumph in the scrappy opener. Athletics evening the series a week ago Sunday with a 3-1 count, Bowsfield saving the game for Les Edwards.

## PRESIDENT VS. VICE-PRESIDENT AT GOLF TUESDAY

Departing from the usual weekly outing, the ladies of the Kelowna Golf Club tomorrow will be split up into two teams, captained by the president and the vice-president, for a match handicap play. Players will be guests of the captains at a tea at the club house afterwards. Here is the draw, with the president's team given first: 1:30 p.m.—B. McGill vs. J. Gaddes; 1:35—K. Buckland vs. D. Secord; 1:40—M. Roadhouse vs. E. Lander; 1:45—R. Oliver vs. M. Dowling; 1:50—T. Owen vs. J. Faulkner; 1:55—M. Walker vs. H. Burkholder. 2 p.m.—M. Willows vs. M. DeMara; 2:05—I. Ker vs. M. Hinton; 2:10—D. Stevenson vs. G. Kerry; 2:15—G. Parker vs. A. de Puyffer; 2:20—E. Oldenberg vs. G. Lennie; 2:25—L. Thomas vs. A. McCallahan; 2:30—J. Fry vs. G. Cram; 2:35—K. Curriel vs. M. Duggan; 2:40—A. Mallo vs. U. Miller.

## TIGERS NAB LEAD AGAINST VICTORIA

With a 7-2 rampage of goals in the final quarter, Vernon Tigers came from behind for a 15-13 decision over Victoria Foul Bays at Vernon Saturday in the opening game in the best-of-three B.C. final for the senior B lacrosse championship. Second game will be played

## BUYS PROBLEM WILL HE MOVE TO PENTICTON?

Joe Collinson has a problem. An ardent Packer Backer, Collinson has won a season ticket for the forthcoming hockey season—at Penticton.

It all came about a week ago Friday when his name, along with 11 others, was drawn for a season ticket during the Penticton Hockey Booster Club's jubilee. Joe had purchased a booster ticket earlier.

The booster club did all right by itself that night. The end result was a profit of \$1500 going to boost the booster club's hockey fund.

## TURNOUT BETTER PLAYTIME PLAN Found Worthy

Kelowna Athletic Round Table's summer supervised playground program again has been acclaimed—but like its predecessor only a small portion of the children in the city made the most of it.

However, in the overall picture, more kids were served since the scope was broadened this year to include a few hours each week at Sutherland Park in the north end of the city. Most of the activities of Supervisor Miss June Minette centered in and around The City Park.

At last week's KART meeting, Recreational Director Jim Pantton pointed out that Osprey Park proved a lost cause because of the lack of shade during the hot days. After a few vain attempts to get the youngsters out, the weekly visits to Osprey Park by Miss Minette were dropped.

Miss Minette filed a comprehensive report with KART as soon as the program concluded at the end of August. It told of the activities for youngsters of all ages and concluded with suggestions to attract more attendance and make the plan more embracing.

She reported the program was hampered for two weeks by the loss of the playground area near the Aquatic as booths were set up before, during and after the Regatta. Miss Minette urged all avenues of publicizing the plan be used in future, including a bulletin board at some vantage point in The City Park.

KART agreed with her suggestion that in view of the good attendance at Sutherland Park, more time be devoted to the children in that district. KART chairman Jack O'Reilly and other adults co-operated in assuring the large turnouts.

## Okonots Challenge Okanagan-Mainliners

The powerful Kamloops Okonots, champions of the B.C. Interior Baseball League, have issued a challenge for a most series against the Okanagan-Mainline Baseball League winners. Okonots are still championing at the bit after a blistering late season campaign and an almost flawless playoff performance. They won the title in two straight from the first-place Rutland Adanacs with 9-8 and 25-5 triumphs.

## HOCKEY CLUB PROSPERS

VERNON — Various stalls and games operated during Jubilee Week netted the Vernon Senior Hockey Club \$1,500.

at Vernon tonight, with the third on Tuesday if necessary.

## Nimrods Out In Force As 1952 Season Opens Today

After weeks of preparation, the excitement of the hunt was given full away by scores of nimrods this morning as the season opened for mule deer, elk and grouse.

The deer season (on mules only, white-tailed being closed in the Okanagan) extends from today until November 30. Bag limit is one buck. There is a slim chance the Game Department will allow some does to be killed before the season concludes.

Season for Blue, Willow and Franklin house extends from today until October 31. Daily limit is six of one species or eight of all species. Season limit of 30 prevails.

Elk hunters must stick to the east side of Okanagan Lake and River only. One bull is allowed each hunter.

Moose, mountain sheep and mountain goats are closed in the South Okanagan.

Grizzly bear actually was the first game to be opened, becoming legal targets September 1. Limit is one, with season extending until June 30.

There is no closed season or bag limit on black and brown bear.

The Game Department has withheld announcing open dates for pheasant, quail and partridge until scientific data is compiled. The department has promised to make its decision known by the end of this month.

## SANDLOT BALL LEAGUE MOOTED FOR NEXT YEAR

Apart from not having enough ball-wise men to help supervise and coach, the small fry enjoyed a banner sandlot baseball season, it was reported at last week's monthly meeting of the Kelowna Athletic Round Table.

Nearly all of the \$50 voted by KART was used to purchase equipment for the numerous sessions. Interest in the sports proved exceptionally good, reported Recreational Director Jim Pantton.

An effort will be made to enlist the help of former ball players who can spare time to coach the kids. Also envisaged is a three or four-team league next year.

## DOREEN HANNAH NEW INTERIOR GOLF CHAMPION

Miss Doreen Hannah, scintillating late-teens golfer from Vernon, yesterday won the Interior golf championship at Vernon, downing Mrs. Jean McLeod of Kamloops in the final.

Defending champion Ann McClymont of Kelowna was in the championship flight but was knocked out in the first round by Mrs. Kay Buckland, also of Kelowna. Mrs. McClymont copped the consolation honors. Miss Nancy Gale of Kelowna was fifth flight winner.

Other Kelowna golferettes figuring in the prizes were Mrs. Eve Lander, Miss Doris Leathley and Mrs. W. T. L. Roadhouse.

(A more complete report will appear in Thursday's Courier issue.)

## STILL ROOM FOR MORE BOWLERS

League bowling in the three categories got away at the Bowladrome last week but there still are openings for teams and players. Those wishing to take part in the winter-long sport of bowling in the men's, ladies' or mixed leagues are urged to leave their names at the Bowladrome.

## WILL DISCUSS '53 ESTIMATES AT PENTICTON

PENTICTON—City officials will meet informally discuss 1953 estimates long before the end of this year if parks, hospital and school board officials agree to a suggestion made by Alderman Wilson Hunt at the meeting last week.

Alderman Hunt reminded council of the "pruning" that was done in April of this year and he suggested that an informal meeting between council and other civic bodies might eliminate delay in bringing down next year's estimates.

"I don't want to be pessimistic, but there is a chance that we shall have to do a lot of cutting down next year," he said.

Mayor W. A. Rathbun agreed to convey the idea of a meeting to other bodies affected.

## POSITION WANTED

**MIDDLE-AGED WOMAN LIGHT** housekeeping work. Home main object. Mrs. Lacey, Vernon. 12-4p

## IN MEMORIAM

## STRIKES BLAMED

FOR IDLENESS DURING JULY

More than 82 per cent of the total time lost and more than 65 per cent of the total number of workers involved in work stoppages arising from industrial disputes in Canada during July, 1952, were accounted for by two work stoppages in British Columbia, according to a preliminary summary of strikes and lockouts released by Hon. Milton F. Gregg, Minister of Labor.

These two work stoppages were loggers' timber and sawmills' factory workers in British Columbia coastal regions and carpenters and painters and decorators and laborers in B.C. These two strikes were responsible for a combined time loss of 750,000 man-working days and involved a combined total of 36,500 workers.

## PRELIMINARY FIGURES

Preliminary figures for July, 1952, showed 47 strikes and lockouts in existence, involving 55,737 workers with a time loss of 881,318 man-working days, as compared with 40 work stoppages in June, 1952, involving 59,364 workers and a time loss of 708,292 days. In July, 1951, there were 39 strikes and lockouts with 11,249 workers involved and a time loss of 119,593 days.

Of the 47 strikes and lockouts in existence for varying periods during July, 1952, 23 were in effect prior to the first of July. Of these, 12 were terminated by the end of the month. Of the 24 work stoppages which commenced in July, 11 were terminated by July 31. Thus, there were 24 strikes and lockouts still in effect at the beginning of August.

## TIME LOST

Based on the number of non-agricultural wage and salary workers in Canada, the time lost in July, 1952, amounted to .05 per cent of the estimated working time, as compared with 0.77 per cent in June, 1952, and 0.13 per cent in July, 1951. For the first seven months of 1951, preliminary figures show 143 strikes and lockouts, involving 97,324 workers with a time loss of 2,204,363 man-working days. For the same period in 1951, there were 165 strikes and lockouts with 49,120 workers involved and a time loss of 247,825 days.

More About

## 1 BEG COMMITTEE

(From Page 1, Column 5)

These active groups and the whole city and district would go all out to put the Games rowing events across.

(4) Kelowna has the plant, facilities and know-how to stage the Empire Games rowing events, viz: (a) Present permanent seating of 3,230. Would build addition to grandstand to seat an additional 1,200. Have quarter-mile of sloping beach that would accommodate 2,000 to 3,000 persons. Have a C.P.R. barge, 180 by 90 ft. on which 1,000 seats could be placed.

(b) All seating and accommodation is in an enclosed area and very easy to police.

(c) Two courses are available, north-south and east-west. The east-west course is the most desirable as it would end in a sheltered bay where the spectators would be located. Both courses would give spectators a full view of the entire race. Starting racks would be available.

(d) From the very start of races, spectators would be advised by walkie-talkie over the p.a. equipment of all interesting details.

(e) Shells, equipment, facilities, showers, rubbing tables, etc. would be located within 100 yards of the start.

(f) The only shell builder in Canada, Gordon Jennens of Jen-Craft, has his factory in this city, and he and his staff would be available at all times. Gordon Jennens was Canadian "boat" at the recent Olympics in Helsinki, and in his opinion, Kelowna would be an ideal location for the rowing events. Mr. Jennens has the contracts to build shells for many overseas countries as well as Canada and the United States.

(g) Housing and feeding of competitors would be taken care of within 100 yards of equipment storage and course.

(h) Kelowna has the most active yacht club in the interior and almost any kind of boat would be at the disposal of the committee.

(i) Two well-known sportsmen, Dr. George Athans and Jim Panton, are members of our committee. Both of them have attended British Empire Games as competitors and as organizers of the rowing events.

(j) Kelowna's central location in the Okanagan makes the question of accommodation for visitors a comparatively easy task. With our own hotel and auto accommodations, plus those of Vernon and Penticton, both of which are within 38 miles of this city, a total of 15 hotels and 80 auto courts could cater to travellers.

(k) Two railroads, truck lines, bus lines, serving this entire valley, enable all tourists and competitors to reach here easily. Good hard-surfaced roads from Vancouver and the U.S. border to Kelowna facilities pleasant driving.

5. In view of the fact that in past B.E.G. there have been a maximum of five competing nations and a total of five competitive events, we feel that only one afternoon should be devoted to rowing events. Even then it would be necessary to provide continuous entertainment for spectators; this Kelowna is more qualified to do than any other city in the province.

We outline herewith two alternative proposals covering finances, in the event that our application to hold the B.E.G. Rowing is favorably considered:

No. 1 Proposal. Hold rowing events on Saturday afternoon, August 7, 1954. Kelowna to supply sleeping accommodation; free of charge to all visiting rowing competitors, managers, and coaches. Supply all facilities and services, as listed in Paragraph 4, free of charge. Transport all rowing equipment from and back to Vancouver free of charge. This would be done by Jen-Craft, which firm is well qualified to move this type of equipment. Hold Kelowna's 48th Annual International Regatta, together with Kelowna's

**ADJUDICATORS CHOSEN**  
KAMLOOPS—Burton L. Kurth, Vancouver, instrumental music and vocal entries, and Miss Marie LaVoie, dance entries, will adjudicate at the 1953 Yale-Cariboo Musical Festival.

**CREDIT BUREAU CONFAB**  
KAMLOOPS—A conference of all credit bureau operators in the province was held at Paul Lake September 7-9.

## NOTICE

SEPTEMBER 15 - 16  
**"ST. BENNY THE DIP"**  
COMEDY DRAMA

with Dick Haymes, Roland Young, Nina Foch.  
Three men outside the law, under pressure of escape they hide in an abandoned mission. From there on you can have it, as it's comedy and common sense combined.

WED. - THURS.  
SEPTEMBER 17 - 18  
SPECIAL COMEDY  
**"LET'S MAKE IT LEGAL"**

With Claudette Colbert, MacDonald Carey and Zachary Scott  
A high class featherweight comedy dealing with marital complications. As the divorce became legal the husband wanted his wife back in his arms. Wise cracks and laughs and a powerful cast make this sure fire entertainment for all classes.

**SNACK BAR OPEN**  
for hot and cold refreshments. Car Service at all times as well.

**FAMILY FUN**

"Oh, George... We forgot to pick up Mother."

## North Okanagan Life Underwriters Group Names Art Jackson President; Three Other Local Men On Executive

ART Jackson, CLU, of Great West Life Assurance Co., in Kelowna, was elected president of the North Okanagan Life Underwriters Association at the annual meeting held in Vernon on Wednesday. Mr. Jackson succeeds Gerald Hilton of Mutual Life in Vernon.

Three other Kelowna men were elected on the executive. They are Bill Kane, of Excelsior Life, who will act as secretary, and Jack O'Reilly, of Monarch Life, treasurer. Murray McKenzie, of North American Life in Vernon, was elected vice-president. In addition, directors were appointed from Kamloops, Kelowna, and Vernon. They are Pat Patterson, of Sun Life; Ed Surtees, of Excelsior, and Doug McDonald, of Metropolitan, respectively.

Presenting national quality awards, which are given in recognition of quality life underwriting service to the public as evidenced by an excellent record of maintaining in force and extending the benefits of life insurance, was Cy Atherton, CLU, of the Mutual Life in Vancouver and regional vice-president of the Life Underwriters of Canada.

### PRESENT AWARDS

Awards were presented to Art Jackson, CLU, Gerald Hilton, Cliff McWilliams of the Canada Life in Vernon, John Lee of the North American in Kamloops and Pat Patterson of the Sun Life in Kamloops. Congratulations were also extended by Mr. Atherton to Pat Patterson, and Laurence Bertrand of the Excelsior Life in Kamloops on completion of the second years studies leading to the degree of Chartered Life Underwriter. This is granted after a three-year course in life insurance studies plus certain other qualifications and is granted by the national association in conjunction with the University of Toronto.

New members welcomed into the ranks of the North Okanagan and Canadian Association were Murray McKenzie, John Caplette of the Sun Life, Jim Green, of the Manufacturers, Alec Frame, of the Metropolitan, Ken Taylor, of the Con-

tinental Life, Jim Gibbs, of the Great West, and Cliff Reynolds, of the Continental Assurance, all of Vernon; Doug McDonald, of the Metropolitan in Kelowna, and Sam Beamish, of the Excelsior, in Kamloops.

At the conclusion of the regular business Mr. Atherton addressed the members on the subject, "Is Your Business Agreement Good?" The next regular meeting will be held in Kelowna on November 5.

More About  
**2 U.S. DROPS SUBSIDY**

(From Page 1, Column 8)  
pears across the line.

**U.S. CROP DOWN**  
The U.S. crop is down about 17 to 20 million boxes from last year's tonnage, and is not a big crop, at about 99 million boxes. Canada's crop is estimated just under 13 million boxes with nearly seven million concentrated in British Columbia.

Already the small crop in Ontario and Quebec has brought orders from eastern Canada and thousands of Wealthies were shipped to Montreal.

Mr. Lander held out absolutely no hope for any United Kingdom export, although negotiations are still continuing.

As a result of the U.S. subsidy removal, already Brazil is seeking quotations on a shipment of 90,000 boxes of B.C. apples to that country this winter.

Wealthies are about half way along, some 68,417 boxes having been sold up to yesterday. Movement prior to Wealthies amounted to 88,180 to the fresh fruit market and some 12,000 boxes of Duchess to the processors.

Going back to the cherry deal, Mr. Lander pointed out that only 54 percent of shipments went as No. 1's, while the balance of 46 percent was No. 2 and 3 grade.

**INFERIOR CHERRIES**  
He declared that the inferior grade cherries did not get a good reception on the prairies and a two dollar lug of No. 2 cherries just

wouldn't sell when a good quality No. 1 was being offered as high as \$4.75.

Apricots proved to be the biggest crop on record and the biggest deliveries to the fresh fruit market, 542,652 lugs, were recorded. Too many small size apricots went onto the market this year, he observed.

Throughout his talk, Mr. Lander expressed the belief that the poorer quality fruit is deterring sales of good quality with a consequent depressing effect on the price level.

In the discussion which followed his talk, southern district growers agreed with him heartily and expressed in decided terms the need for the growers themselves to take a hand and stop the attempted sales of inferior quality fruit.

In Winnipeg, Okanagan peaches received severe competition from Ontario truck shipments as well as J. H. Hales from Yakima which undercut the market.

Up to last Wednesday, about 725,000 cases of peaches had gone to the fresh fruit market and Mr. Lander believed that there will be about 200,000 to 225,000 cases more to sell.

Size has been a big factor in the peach deal this year, with the prairies and Vancouver markets refusing to have anything to do with peaches smaller than 65's and larger.

"They just won't take 72's and 78's, and we have had to discount shipping these sizes," Mr. Lander explained.

### BEST IN YEARS

The Bartlett pear deal has been one of the best in years, despite stiff competition from across the line where U.S. Bartletts are being offered 35 cents per box lower.

This year small size Bartletts were ruled off the packaging list and only good quality Bartletts have been offered.

"The Bartlett deal has demonstrated more than anything else that if you give the trade suitable manifests and grades it will pay off," the sales manager emphasized.

Bartletts should clean in about two weeks, he thought.

Some 98,000 junior boxes of Bartletts were shipped along with 166,000 standard boxes and the juniors have been well received.

"They didn't catch on fire quickly, but the retailers now say they're a 'dandy package'."

Mr. Lander also discussed the

reumption of No. 2 quality picking after it had been decided a week ago that only No. 1 quality prunes would be harvested.

## INVESTMENT DIARY

### HOLD FUNERAL FOR E. FARRIS

Funeral service for former Okanagan Mission hotel operator Ernest Farris, whose death occurred at his

Okanagan Mission home Wednesday, was held yesterday from the Okanagan Mission Anglican Church followed by interment in the churchyard.

His death ended a span of 38 years' residence in this district. He was 81 at the time of his passing. Kelowna Funeral Directors were entrusted with arrangements.

### Correction

In the Safeway advertisement appearing in last Thursday's Courier, rump roast beef was advertised at 9c a pound. This obviously should have read 79c a pound.

Many bargain-seeking shoppers were waiting for Safeway doors to open on Friday morning after reading Thursday's Courier, and this newspaper regrets any inconvenience it may have caused.

When the newspaper form was being transferred from the "stone" to the press, the figure 7 dropped out of the newspaper with the result rump roast beef was priced at 9c a pound. The mistake was not noticed until several hundred copies had been run off.

## SPECIAL ANNOUNCEMENT

FOR PERSONS IN ARREARS OF  
PREMIUM PAYMENT  
OR PERSONS  
NOT REGISTERED WITH B.C.H.I.S.

**SUSPENSION OF ARREARS**—Effective September 9, 1952, all premium arrears for the years, 1949, 1950 and 1951 will be suspended. Persons who are delinquent or who have never registered, can re-establish themselves with the Service by paying the current year's premium (see rates below). They will become eligible for full Hospital Insurance benefits fourteen days after making their payment. Persons whose financial circumstances have prevented them from paying their arrears will not be asked to do so. Persons who can well afford to pay their arrears will be required to do so.

The current year's premium for persons with one or more dependents is \$40.50, made up of \$21.00 for the period from January 1/52 to June 30/52, and \$19.50 for the period from July 1/52 to December 31/52 (this includes the recently-announced premium reduction), which totals \$40.50 for the full year's premium. A single person's premium would amount to \$28.50 for the year 1952.

Persons taking advantage of this arrears suspension to re-establish themselves should attach to their cheque their last billing notice, or quote their registration number. If they have never registered before, the Service should be so advised.

Special instructions will be issued immediately to all employers regarding the suspension of arrears for registrants making premium payment through payroll deduction.
